

## **Pharmaceutical company NPO Petrovax Pharm**

Petrovax Pharm, the leader among Russian companies engaged in research, development and production of innovative pharmaceutical products.

Founded in 1996 by a group of Russian scientists, the company aims to create, produce and promote original medicines across the national health care system.

Our strategy aims to create, produce and promote original medicines across the national healthcare system by capitalising on fundamental research.

The main activities of the company include: the production of influenza vaccines and pneumococcal conjugate vaccines for National Immunization Schedule, development and production of immunobiological medicines.

We have only innovative medicines and vaccines in our product portfolio with a full production cycle from unique molecules to ready-to-use dosage forms to be launched into the pharmaceutical market of Russia and of the CIS and the EU.

NPO Petrovax Pharm has in-house R&D led by renowned Russian scientists.

High-tech pharmaceutical production and warehousing complex in Pokrov (Moscow Region, Podolsk District) is among Russia's most sophisticated biopharmaceutical facilities. The company manufacture is fully consistent with international standards of GMP EU and ISO: 9001.

NPO Petrovax Pharm employs more than 600 highly skilled professionals, offering them annual professional training to maintain the company's competitive edge and strong market position.

A member of the Association of the Russian Pharmaceutical Manufacturers (ARPM) since 2008, NPO Petrovax Pharm is committed to fostering sound business practices in the national pharmaceutical market.

Since 2014, NPO Petrovax Pharm's majority shareholder is a company of Vladimir Potanin, owner and founder of Interros Group. This partnership is set to ensure healthy development of our business in producing unique Russian pharmaceuticals, open up excellent prospects for furthering fundamental scientific research and delivering innovation jointly with global pharmaceutical leaders.
